

## Our luxury vehicles

### Executive coach

The executive coach is an exciting new addition to the luxury coach industry, offering a new level of comfort to passengers. With three conferencing areas, this vehicle has been made with the corporate market in mind. Its features include a full leather interior, toilet and kitchen facilities and air conditioning.

### Super luxury coach

The 52-seater super luxury coach offers all of the amenities associated with a luxury vehicle, whilst offering maximum seating capacity for a super luxury vehicle at the same time. Its features include audiovisual entertainment, 52 luxury reclining seats in a 2 x 2 configuration, air conditioning, toilet facilities, a fridge and ample luggage space.

### Luxury coach

The 61-seater luxury coach is a unique vehicle, offering 61 seats in a 2 x 2 reclining configuration. This vehicle offers value for money for large groups that are still looking for an affordable luxury vehicle. Its features include audiovisual entertainment and air conditioning.

### Semi-luxury coach

Built on the 310 hp MAN chassis, with a MAN Lions Explorer body, this 79-seater vehicle is in a league of its own when it comes to semi-luxury vehicles.

# Autopax Charters

*It's just like owning your own luxury bus company.*

**Now you can hire a luxury bus, complete with experienced drivers and professional crew, who'll be delighted to take you and your group wherever you want to go, anywhere in South Africa.**

*This is luxury, road-based travel at its very finest: we take the hassle out of the drive so you can enjoy the ride.*

### **Our fleet**

Autopax coaches meet European safety standards and are on a par with the world's top luxury buses. The bodies of the entire luxury fleet of vehicles were imported from Brazil, where they were manufactured by Marcopolo, one of the world's leading coach manufacturers. The body is built on the latest state of the art Mercedes Benz O500 RSD 2436 luxury chassis, with a Euro 3 fully

electronic management engine boasting 360hp. The combination of world class coach body on a state of the art chassis adds up to a vehicle that offers unparalleled passenger comfort and safety.

For more details on specific coach features, please see the back of this leaflet.

### **Safety first**

With millions of kilometres on our clocks, safety has become a way of life for Autopax employees. Autopax's in-house driver training department is responsible for ensuring that drivers are constantly up skilled by refresher courses on defensive driving techniques.

All of our vehicles undergo stringent maintenance programmes designed to ensure their reliability and compliance with the highest safety standards. Autopax boasts fully equipped workshops, operated by qualified technicians, to ensure that our vehicles are always in perfect condition. Our vehicles undergo numerous checks before they are dispatched on trips.

In addition, each vehicle features a fully automatic transmission with integrated speed retarder, enhancing overall safety by acting as a secondary braking system. The automatic gearbox allows drivers to concentrate on stress free driving, reducing driver fatigue and allowing the driver to concentrate on prevailing road conditions.

As part of our commitment to passenger safety, the new fleet of Autopax vehicles also features seatbelts on all passenger seats.

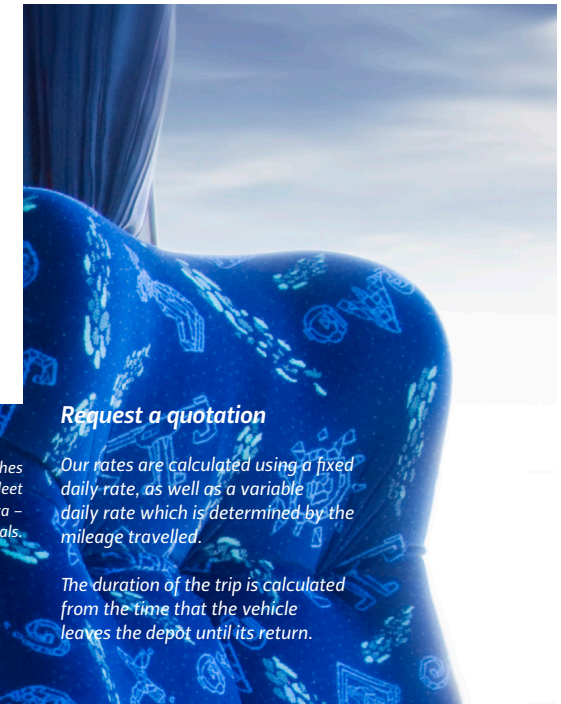

### **Operations**

A 24 hour operations control room monitors both vehicles and drivers around the clock, ensuring that Autopax operations run smoothly and according to schedule.

Coaches are fitted with onboard navigational systems that also enable drivers to communicate with the control room in the event of operational problems.

### **Insurance**

In the unlikely event of an accident, Autopax passengers are covered by passenger liability cover amounting to R1 billion.

### **Request a quotation**

Our rates are calculated using a fixed daily rate, as well as a variable daily rate which is determined by the mileage travelled.

The duration of the trip is calculated from the time that the vehicle leaves the depot until its return.

*Did you know? Autopax provided 420 luxury coaches for the 2010 FIFA World Cup - the single biggest fleet of luxury coaches ever to operate in South Africa - transporting both teams and FIFA officials.*
